PROFESSIONAL SERVICES

Co-ordinating Rites and Ceremonies

Professional consultation with licensed personnel, which may include but is not limited to, expert advice on options to meet your needs, including essential services relating to disposition, drafting obituaries, planning/scheduling of services, and advising regarding possible government benefits. Co-ordination of all rites and ceremonies, before, during, and after they have been provided, including services and supplies provided by us, as well as those provided by third party suppliers, such as flowers and obituaries. Below you will find both our Standard and *Essentials Only* level of services. We are pleased to allow our families to select and pay for only the services they require.

Standard Co-ordinating – One of our funeral directors will be pleased to meet at your family's convenience to discuss all our offerings and cater a unique and appropriate farewell. Your family will also have a meeting with our Aftercare specialist to guide you through the first few steps of settling an estate. We are often told that our Aftercare service is invaluable to families feeling overwhelmed by the immense amount of administrative work that follows a death. In our Standard offering we will provide a level service we believe to be second to none.

\$1050

Essentials Only Co-ordinating – For those seeking only to meet the legal requirements of our local, provincial, and federal governments we are pleased to help you do just that. This offering of our professional services allows you to pay for the “musts” and simply select any additional services that YOU feel your family may require. These appointments will be scheduled during the set hours of Monday-Friday 9 AM – 5 PM, excluding statutory holidays. We will provide you with necessary CPP forms, and our C.A.R.E. guide.

\$160

Subsequent Co-ordinating – Occasionally, families may have the need to deal with two separate funeral providers. This fee would apply if your family has worked with another funeral provider for some or all arrangements for your loved one (ie. death registration, cremation, etc.). In this instance we provide our Standard level of service at a reduced fee due to some duplication.

\$750

ADDITIONAL CO-ORDINATING ITEMS

Available for purchase in addition to our *Essentials Only* Co-ordinating Rites and Ceremonies offering. **NOTE** - All items below are included in both Standard and Subsequent Co-ordinating of Rites and Ceremonies offerings.

Aftercare – Our in-depth Aftercare program may be the most important service we offer. Our specialist guides families through the choppy seas of estate documentation and will handle filing with both Service Ontario and Service Canada, and many other applicable tasks. Ask your funeral director for more information on this proportionately inexpensive service.

\$495 – Face to face appointment

Online Obituary Posting - Post the obituary to our website. This includes a memorial slideshow and the opportunity for friends and family to leave a condolence and/or a memorial donation.

\$50

Memorial Tree - A living memorial will be planted in memory of your loved one, in conjunction with the Ausable Bayfield Conservation Authority. Your loved one's name will be published in a public announcement and your family will be invited to join us for the annual dedication service.

\$195

Scanning of Pictures - An often-tedious process can be made easy by taking advantage of our high-speed scanner. Discounts may apply for 200 or more pictures. This can also be completed after the funeral is over.

\$50 or \$.50/picture

After Hours Appointment – We understand that death is never convenient and would be pleased to meet with you on your schedule. If *Essentials Only* Co-ordinating is desired but meeting(s) take place outside of our office hours this fee may apply for each instance. .

\$250

Proof of Death Certificates – You are entitled to up to 10 certificates with our *Essentials Only* Co-ordinating service or you may decide to upgrade.

\$45 - each

\$125 - unlimited supply

Securing Medical Certificate of Death – This fee will apply should we need to make a separate trip to collect this document.

Basic Handling and Preparation of Remains - These services include placement of the deceased into the casket or cremation container. (Also requires Facilities for Preparation/Embalming/Shelter)

\$105

Embalming of Remains - Embalming is the process of replacing blood and bodily fluids with chemical preservatives. It is a process of sanitation, restoration and temporary preservation. Embalming is not legally required but may be recommended to preserve the body between the time of death and the visitation/service/celebration or disposition of the deceased. Our licensed funeral directors will make a recommendation based on the condition of the body and expected service needs. It can be expected that after 24 hours from the time of death, either cooling or embalming will be required. (charged in addition to Basic Handling and Preparation of Remains)

\$450

Pacemaker Removal - This is required if cremation is chosen and there is a pacemaker. Pacemakers contain combustible material and will damage cremation equipment at the family's expense if not removed. This procedure will be completed by a licensed funeral director.

\$95

Refrigerated Storage - As one of the few funeral homes that have their own in-house (Exeter location), refrigerated area, we are proud to offer cooling that may be required, due to no embalming or delayed funeral arrangements (family travel, illness, weather). This fee is charged in addition to the Facilities for Preparation/Embalming/ Sheltering fee.

Payment - If Standard Co ordinating is selected payment in full is due 30 days from the date of this contract (the "Due Date"). If Essentials Only Co ordinating is selected payment in full is due 15 days from the date of this contract (the "Due Date"). Amounts outstanding after that date will bear interest at the rate of 2% per month (or 26.82 % per annum calculated daily and compounded monthly), from the Due Date until paid in full. There will be a charge of \$50.00 for any non sufficient funds (NSF) cheques returned by the bank. Any costs of collection shall be the responsibility of the Purchaser. The Provider may charge an additional 2% of the total amount, should the Purchaser opt to pay by credit card.

Prepayment Funding - For your convenience, we offer two funding options when prepaying services or supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

Trust: You may pay the money directly to “Guaranteed Funeral Deposits” and we will arrange to place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled.

Insurance: You may purchase an insurance contract where the proceeds of the insurance contract will be used to pay for the services or supplies at the time they are delivered or the contract is cancelled. Purchasing an insurance contract can afford the option of paying over time for these expenses. Many payment plans and options exist.
